

Owner: United Properties

Architect: Pope Associates

Description: New construction, 125,000 SF. New world headquarters houses all CH executives, human resources and legal employees. The building features Class-A finishes including slate and wood flooring, wood paneling, galley kitchens, 18 conference rooms, and a two-story board room.

Stahl implemented several green elements to the building's design and construction, including specialty cork flooring and low VOC carpet made from renewable resources. A Building Automation System minimizes building heating and cooling during unoccupied hours. Winner of the **MCA Special Recognition Award**.
